WILEY BILL FAVORED

Autoists Contend Vehicles Should Be Lighted.

FIRE SHOT AT MAYOR GARRETT

Automobile Club of Washington, at Annual Meeting, Disapproves Bill Introduced in Maryland Legislature to Stop Speeding—H. Chadwick Hunter Elected President.

Resolutions were adopted by the Automobile Club of Washington at its annual business meeting last night placing the motor enthusiasts of this city on record in favor of Representative Wiley's bill before Congress compelling street cars and carriages in the District to carry lights similar to those displayed by automobiles.

Without a dissenting vote the autoists moved to petition Congress to make the bill a law. They contend that no more protection from street accidents should be accorded street car passengers and carriage owners than is given motor car drivers. The club voted for a law which will make it an offense for any conveyance to run on the streets or roads of the District without displaying rear, side, and head lights.

Drastic and Unnecessary.

The motor men incidentally fired a shot in the direction of Mayor W. H. Garrett, member of the Maryland legislature from Montgomery County, who introduced a bill requiring stringent speed regulations in that State. The club moved to disapprove the passage of the bill, on the grounds that it is drastic and unnecessary.

At the annual election of officers, after William D. West had declined to serve again, H. Chadwick Hunter was elected president. T. B. Spence was also a candidate for the presidency, and Mr. Hunter won by only one vote on the second ballot. John K. Heyl was chosen vice president, and Elliott Hough secretary and treasurer. Joseph Faulkner was elected captain, and Franz Kopp lieutenant. The following were elected to the board of governors: W. S. Durall, L. A. Dent, F. H. Edmunds, and William D. West.

After the business session the members gathered around the festive board and made merry until a late hour.

MR. BAKER DESCRIBES TRIP.

Tells Biological Society of Journey from Africa with Animals.

An interesting account of his trip home with the animals which he brought from Nairobi, Africa, was given by A. B. Baker, assistant superintendent of the Zoo Park, at the meeting of the Biological Society of Washington, held at George Washington University last night. Mr. Baker also spoke of his meeting with President Roosevelt in Nairobi and having tea with him.

SEVEN PERSONS OVERCOME.

Occupants of Flat Will Recover from Gas Poisoning.

Seven persons who were overcome about 3 o'clock yesterday morning by gas escaping from a latrine, accidentally left open in the Harrison flat, 539 Four-and-a-half street southwest, will recover, according to statements made by attending physicians last night.

Peter Harrison was awakened by the odor of gas, and found his wife, his three children, and Charles Herman, aged sixteen, and Rosa Shofnos, aged fifteen years, unconscious. Harrison ran to the Fourth precinct station and notified the police. A physician responded with an ambulance from Emergency Hospital and revived the occupants of the flat.

SOLDIERS NOT TURNED AWAY.

Manager of Home Probes Charges Made by Wilson Post.

The protest recently filed with the board of managers of the Soldiers and Sailors' Temporary Home by Wilson Post, G. A. R., in which it was charged that regular soldiers and inmates of the Soldiers' Home applying for admission to the home had been turned away, came up for consideration last night at the January meeting of the board of managers.

There was a full attendance of the members at the home, 301 C street northwest. The charge of Wilson Post was investigated and dismissed. At the conclusion of the session Thomas S. Hopkins, president, said:

"We looked into the charge made against the management of the home and find that the members of Wilson Post had been mistaken, and there was no foundation of fact to it. The Soldiers and Sailors' Temporary Home is ready to shelter and care for all soldiers and sailors, regular, volunteer, or others, entitled to consideration to the extent of the accommodation of the home, which is limited and as far as the means at our command will permit. In no instance, as far as I can learn, has there ever been a soldier or sailor turned away from the temporary home for any cause."

Improvements Ordered.

Street improvements have been ordered by the engineering department, as follows: One hundred and sixty feet of old curbing or flagging to be laid to form crossing at Rock Creek Church road and New Hampshire avenue. The north side of Rhode Island avenue, between Twentieth street and Mills avenue, be repaired with old material and chinders.

Women's Congress Meets Wednesday.

A public meeting of the Women's National Rivers and Harbors Congress will be held at the New Willard on Wednesday. The meeting is called by the vice president, Hon. Francis G. Newlands, of Nevada; Hon. Joseph E. Ransdell, Hon. D. L. Alexander, of New York, and other distinguished speakers will address the congress.
